Certifications

California Single Subject Teacher Certification in English / ELD   Expires 3/1/2027

Current Projects

ICS Calendar Converter | Github   Team Project

Vite + React | Node.js | HTML | CSS | Javascript

- Built an internal tool for the marketing department that generates a formatted and downloadable .ics file to improve data accessibility across multiple services and users

UX Metrics Research Website | Github   Team Project

React | Node.js | Airtable API | Spiffy Checkout | CSS | HTML

- Iterated with the design team to create a website and email templates to launch UX Consultancy's new product for UX researchers
- Connected Airtable API to sort information and Spiffy Checkout for sales

Win Stakeholders | [Website](#)   Team Project

React | Node.js | Airtable API | Spiffy Checkout | CSS | HTML

- Maintained website for flagship UX Consultancy program that brings +15k per month.
- Converted a single page HTML and CSS website into a React based modular structure.
- Revamped the file structure and design system for better long term maintenance
- Connected Airtable API for easier updates.

Developer Experience

Center Centre, Inc.   Remote

Full Stack Web Developer

- Designed email templates using Stripo HTML/CSS framework
